INTERSCHUTZ – International exhibition for Fire Prevention, Disaster Relief, Rescue, Safety and Security, 8-13 June 2015, Hannover - Germany

Dear Business Partner,

We would like to express our sincere thanks for taking the time to visit our Stand P06/1 in Open-air site (FG) during INTERSCHUTZ 2015 and to meet our team.

The response we had to our showcased vehicles has been very positive, with a great deal of interest from customers both new and existing. The many meetings we have had with old and new friends were very encouraging and certainly give us great optimism as we seek to further develop our customer relationships.

We value our customers highly. We are confident that together with our business partners and suppliers we shall do our utmost to respond to the specific enquiries that we shall receive over the next period.

See you all @ INTERSCHUTZ 2020!

Sincerely,
BAI Brescia Antincendi International Srl Staff
